Dear Mr. Stanczak:

**SECOND VIOLATION NOTICE**

On October 4, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of your sand blasting operations located at the corner of Galena Street and South Mine Street in Bessemer, Michigan. The purpose of the inspection was to determine compliance with the requirements of the federal Clean Air Act; and Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and to investigate a complaint which we received on October 20, 2015, regarding sand blasting and fugitive dust attributed to your operations.

On October 13, 2016, the AQD sent the company a Violation Notice citing a violation discovered as a result of the inspection and requested your written response by November 3, 2016. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identify actions the company will take, or has taken, to resolve the cited violation may result in escalated enforcement action by the AQD. Please provide the information requested in our October 13, 2016, letter by December 1, 2016, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

If you have any questions regarding the violation or the actions necessary to bring your facility into compliance, please contact me at the number listed below.

Sincerely,

Joel E Asher
