SUBJECT: Onsite Inspection		
RESOLVED COMPLAINTS:		

On Tuesday, February 24, 2015, MDEQ-AQD Staff Sebastian Kallumkal conducted an unannounced self-initiated inspection at A & D Industries located at 44645 Macomb Industrial Drive, Clinton Township, Michigan. The purpose of the inspection was to verify facility's compliance with requirements of Article II, Air Pollution Control, Part 55 of Act 451 of 1994.

I arrived at the facility at about 1:15 PM and met Mr. Dale Bartlett, A & D Industries. He informed me that LASER Cutting Company which occupied the location has moved out about 3 years ago. He has no knowledge about its whereabouts.

He accompanied me for an inspection of the facility. A & D Industries makes automotive parts. He has about 12 CNC machines. The machines are released only into the general in-plant environment. The machining process is exempt from Permit to Install requirements pursuant to Michigan Administrative Rule R336.1285(l)(vi)(B). He has about 8 employees. The facility operates 1 shift and 5 days per week.

Conclusion: The facility appears to be in compliance with applicable air quality regulations.
