Dear Mr. Topaj:

VIOLATION NOTICE

On September 14, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of the commercial facility located at 348 E. Nine Mile Road, Hazel Park. The purpose of this inspection was to determine your compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, you both own and renovated the facility. The National Emission Standard for Asbestos holds both the owner and operator equally liable for violations.

During the inspection, DEQ AQD staff noted that building materials had been removed and disposed of from the commercial facility without the building being thoroughly inspected for asbestos.
