Dear Mr. Columbo and Mr. Siessler:

VIOLATION NOTICE

On July 26, 2019, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), conducted a complaint inspection of the Gateway Center located at 105, 109 and 119 S. Main, Rochester. The purpose of this inspection was to determine the owner's and operator's compliance with the requirements of Title 40 of the Code of Federal Regulations (CFR), Part 61, National Emission Standards for Hazardous Air Pollutants (NESHAP), Subpart M and Rule 942 of the administrative rules promulgated under Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, the Eden Property Group, LLC owns the facility and Columbo Construction performed the renovation activities for Active Future Solutions at the facility. The NESHAP for Asbestos holds both the owner and operator liable for violations.

During the inspection, staff observed that building materials had been disturbed during interior demolition. A copy of the asbestos survey that was conducted prior to the renovation was requested but was not provided to the AQD.
