SAGINAW BAY

June 20, 2019

Dear Mr. Matthew Karl and Mr. Jason Wolf,

Please be advised I am responding to the violation letter reference the training burn that Charlton Twp Fire Dept had on May 29, 2019 at 12509 Heatherton Rd. I was not aware of the paperwork that needed to be done prior to the training burn. I have been advised by Mr. Matthew Karl of the online form that needs to be done prior to any burn of this sort.

Since this incident I have made a file for with all the paperwork and website to do the correct paperwork if we were to ever do another training exercise of this type.

I know now that I need to get a professional survey for asbestos, contaminated waste, and hazardous waste by licensed personnel prior to any burn.

Thank you,

Robert Hunter
Charlton Township Fire Chief
