Dear Mr. Salvaggio:

SECOND VIOLATION NOTICE

On May 31, 2021, the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD) performed an asbestos inspection at 29103 Harper, St. Clair Shores, Michigan. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

On July 2, 2021, the AQD sent a Violation Notice (VN) citing violations discovered because of the inspection and requested a written response by July 23, 2021. A copy of this VN has been enclosed for your reference. As of the date of this letter, the AQD has not received the written response to the cited violations.

Please be advised that failure to respond in writing and identifying actions taken to resolve the cited violation may result in an escalated enforcement action by the AQD. Please provide the information requested in the VN dated July 2, 2021, by October 12, 2021, which corresponds to 14 days from the date of this letter.

Mr. Gasper Salvaggio
