March 16, 2018

DEQ Air Quality Division

Attention: Amanda Chapel

This letter is to address the attached violation notice dated February 7, 2018 for a violation that occurred on February 1, 2018. We are guilty of burning new construction waste materials on the site where the violation occurred. Powell Custom Homes is now aware that burning construction materials is a violation of the Michigan Open Burning Act. Starting immediately and in the future, Powell Custom Homes will dispose of their construction material waste in dumpsters. We typically use Best Way Disposal's services.

Thank you

Randy Powell
Powell Custom Homes
