RETURN RECEIPT REQUESTED

A-1 Auto Salvage & Scrap
2574 State Street
Ypsilanti, Michigan 48198

SRN: U811706525, Washtenaw County

Dear Mr. Jim Burns:

VIOLATION NOTICE

On August 23, 2017, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of A-1 Auto Salvage & Scrap (Company) located at 2574 State Street, Ypsilanti. The purpose of this inspection was to determine the Company's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451) and the associated Air Pollution Control Rules.

During the inspection, AQD staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Torch cutting of metal is being conducted outside on the ground.	Rule 201-No Permit to Install (PTI).	As of December 20, 2016, there is no longer an applicable exemption to the requirement to obtain a PTI from this type of torch cutting process.
Vehicles that potentially contain mercury switches, are being smashed by an automobile crusher powered by a 170 hp diesel engine.	Rule 201-No PTI.	Mercury switches and petroleum products need to be removed and properly disposed of in order to avoid PTI requirements.
Pre-2007 170 CI diesel engine with 20,949 hours of usage since installed in 2001.	40 CFR Part 63, Subpart ZZZZ - National Emissions Standards for Hazardous Air Pollutants for Stationary Reciprocating Internal Combustion Engines	The Company has not demonstrated that they are in compliance this federal regulation. The engine is not exempt from federal requirements since it is not

		considered a nonroad engine as it has been located onsite for more than a year.
--	--	---

Please initiate actions necessary to correct the cited violations and submit a written response to this Violation Notice by September 21, 2017. The written response should include: the dates the violations occurred; an explanation of the causes and duration of the violations; whether the violations are ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

If the Company believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Thank you for your attention to resolving the violations cited above and for the cooperation that was extended to me during my inspection of this Company. If you have any questions regarding the violations or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Mike Kovalchick
Senior Environmental Engineer
Air Quality Division
