Dear Sirs:

### SECOND VIOLATION NOTICE

On March 15, 2017, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an investigation of the facility located at 11111 French Rd, Detroit, MI. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations, Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to our investigation, HRT Enterprises owns the facility and GRS Corporation purchased the rights to the steel at the site. MICH Scrap It and Mr. Peter Adamo performed the demolition activities at the facility. The National Emission Standard for Asbestos holds both the owners and operators equally liable for violations.

On March 17, 2017, the AQD sent the company a Violation Notice citing violations discovered as a result of the inspection and requested your written response by April 6, 2017. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the company will take or has taken to resolve the cited violations may result in escalated enforcement action by the AQD. Please provide the information requested in our March 17, 2017 letter by April 24, 2017, which corresponds to 10 days from the date of this letter.

Messrs. Pasek, Locricchio and Adamo

Sincerely,
