Dear Mr. Ameiche and Mr. Glover:

VIOLATION NOTICE

On July 15, 2020 and July 21, 2020, the Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division, performed an asbestos NESHAP (National Emission Standard for Hazardous Air Pollutants) inspection at 39112 Michigan Avenue, Wayne, Wayne County. The purpose of this inspection was to determine compliance with the requirements of Title 40 of the Code of Federal Regulations (40 CFR), Part 61, Subpart M (National Emission Standard for Asbestos), and Rule 942 of Part 55, Air Pollution Control of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended.

According to my investigation, Mr. Kamal Ameiche owns the subject property and Glover Excavating, LLC performed the demolition activities. The National Emission Standard for Asbestos holds both the *owner and operators* equally liable for any violations.

During the inspection, staff observed the following:

The subject facility was in a state of partial demolition with excavating equipment on-site. A 10-day notification of intent to demolish was not submitted for this project.

Mr. Ameiche and Mr. Glover
