

Title V Renewable Operating Permit (ROP) EPA Comments and AQD Responses

The Department of Environment, Great Lakes, and Energy, Air Quality Division (AQD) is required to hold a 30-day public comment period and a 45-day EPA comment period for draft Title V Renewable Operating Permits (ROPs). The United States Environmental Protection Agency (EPA) has sent comments to the AQD on the following ROPs during their public comment period. The AQD response to these comments is also below. If you would like to view the permits and information about the permits, you may find them at: [ROP Public Notice Documents](#) 

Note: If no date is entered for an AQD response, the response is pending and will be added when available. EPA comment letters received since August 2016 are posted.
