

DEPARTMENT OF ENVIRONMENTAL QUALITY
AIR QUALITY DIVISION

FCE Summary Report

Facility : LAKELAND ASPHALT CORP	SRN : B4253
Location : 474 AVE A	District : Kalamazoo
	County : CALHOUN
City : SPRINGFIELD State: MI Zip Code : 49037	Compliance Status : Compliance
Source Class : SM OPT OUT	Staff : Rex Lane
FCE Begin Date : 8/21/2013	FCE Completion Date : 8/21/2014
Comments :	

List of Partial Compliance Evaluations :

Activity Date	Activity Type	Compliance Status	Comments
08/06/2014	Self Initiated Inspection	Compliance	Self Initiated Inspection
05/02/2014	Meeting Notes	Pending	Discussion on Proposed Plan of Efficiency
04/14/2014	MAERS	Compliance	<p>Review of 2013 MAERS Report:</p> <p>Facility used the MAERS emission factor basis for all activity codes associated with EUBATCHPLANT. Asphalt mix throughput increased by 26% compared to 2012 and emissions increased by an equal percentage for all SCC codes except 30500206 (natural gas consumption of asphalt burner which was identical to 2012 value). On 3/24/14, staff emailed Mr. John Carr to get confirmation on whether the 2.76 MMCF natural gas throughput is correct or provide an updated value.</p> <p>4/8/14 email response from Mr. John Carr states that the natural gas throughput was correct. The facility has increased their efficiency by using a new design on the dryer drum flights and by fine tuning the burner. -RIL</p>
