Michael,

The information enclosed relates to the Violation Notice for the failed stack test on February 24, 2022. The stack test did not meet the condition of Permit to Install (PTI) number 192-03G. The Destruction Efficiency was below the 95% limit (92.3%).

Durr Systems were in the facility on March 21, 22, and 23 to evaluate and fix the thermal oxidizer. A copy of the report is included in the envelope. A new stack test is scheduled for April 21st.

Please feel free to contact me if you have any questions.

Thank you,

Rob Bachholzky
EHS Manager
