Dear Mr. Suida:

SECOND VIOLATION NOTICE

On December 27, 2017, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), received the Third Quarter 2017 Continuous Emissions Monitoring Systems (CEMS) Report for Detroit Renewable Power (DRP) located at 5700 Russell, Detroit, Michigan. The Fourth Quarter 2017 CEMS Report was received on February 2, 2018. In addition, a Rule 912 notification was received on February 5, 2018. During review of the quarterly reports and Rule 912 notification, the AQD evaluated compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; MI-ROP-M4148-2011a; and Administrative Consent Order (ACO) AQD No. 6-2017.

On February 26, 2018, the AQD sent the company a Violation Notice citing violations discovered as a result of the review of the Third Quarter 2017, Fourth Quarter 2017 Continuous Emissions Monitoring Systems Reports and associated CEMS data, and review of the Rule 912 notification. The Violation Notice requested your written response by March 19, 2018. A copy of that letter is enclosed for your reference. As of this date, we have not received your response.

Please be advised that failure to respond in writing and identifying actions the company will take or has taken to resolve the cited violations may result in escalated enforcement action by the AQD. Please provide the information requested in our Violation Notice letter by April 25, 2018, which corresponds to 14 days from the date of this letter.

Be further advised that issuance of this Violation Notice does not preclude or limit the DEQ's ability to initiate any other enforcement action under state or federal law as appropriate.

Mr. Robert Suida
