Rachel

In response to the VN issued on August 5, 2024 you will find the compliance reports for the reporting period ending in September 2023 and March 2024 attached. As noted in the VN these are the only missing compliance reports and this is not ongoing as the report for reporting period September 2024 is also attached. This was simply a missed addition to the ROP certifications and will be included from this point on.

Don't hesitate to contact me if you require any further information.
