

DEPARTMENT OF ENVIRONMENTAL QUALITY  
AIR QUALITY DIVISION  
ACTIVITY REPORT: Scheduled Inspection

N249341950

FACILITY: Flow Ezy Filters, Inc.		SRN / ID: N2493
LOCATION: 289 Metty Drive, ANN ARBOR		DISTRICT: Jackson
CITY: ANN ARBOR		COUNTY: WASHTENAW
CONTACT:		ACTIVITY DATE: 10/05/2017
STAFF: Zachary Durham	COMPLIANCE STATUS: Compliance	SOURCE CLASS:
SUBJECT: Scheduled inspection of the facility located at 289 Metty Dr. and PTI 308-90 for a spray coating booth.		
RESOLVED COMPLAINTS:		

### Purpose

This was an unannounced, scheduled inspection of the facility to determine compliance with Permit to Install (PTI) 308-90 for a spray coating booth with dry filters for control. I arrived on site at about 11:00am on 10/5/17 along with Brian Carley.

### Compliance Evaluation and Summary

Upon arriving at the site Brian and I approached the front door, which was locked. We proceeded to the back of the building where we had seen open garage doors. We spoke to two individuals, whom informed us that the building is no longer occupied by Flow Ezy Filters. The company working out of this location has been Zero Hour for about the last 4 years, whom also occupies an adjacent building. They do mainly prototyping and CNC machining work. There is no longer a paint spray booth on site.

### Compliance Determination

Flow Ezy Filters is no longer in operation, and thus in compliance with state and federal air rules and regulations.

### Recommendations

PTI 308-90 has been voided as of 10/10/2017.
