RESOLVED COMPLAINTS:		

This facility has not been inspected for many years. Warren Dellies was at this location in 1992 for a complaint. PTI #716-91 is still active in Permit Cards.

On 10/29/2014 I conducted an unannounced inspection of this facility. I met with the owner Mr. David Johnson. Mr. Johnson stated the company is still in business, however, they are no longer making countertops. All the woodworking equipment listed under PTI #716-91 has been removed.

Mr. Johnson provided me with a written letter stating the equipment has been removed and is requesting the PTI be voided. This facility will be removed from the inspection list and a copy of the letter will be forwarded to the permits section requesting PTI #716-91 be voided.
