FACILITY: Delta Oil Company - Axford/Nimby	SRN / ID: N6075
LOCATION: SE SW NW T31N R02W SEC15 - OTSEGO COUNTY, GAYLORD	DISTRICT: Cadillac
CITY: GAYLORD	COUNTY: OTSEGO
CONTACT: ROBERT J. JONES , PRESIDENT	ACTIVITY DATE: 07/11/2017
STAFF: Rob Dickman	COMPLIANCE STATUS: Compliance
SUBJECT: Inspection to confirm permitted equipment has been dismantled.	
RESOLVED COMPLAINTS:	

Visited this site to confirm that this facility is not in operation and has rendered inoperative as claimed by Rob Jones in a recent message (attached). The facility has clearly not been in operation for some time. The permitted equipment was, for the most part, still in place, but was disconnected from any wells that might feed it. It is recommended that PTI 627-96 be voided and the facility marked shut down.
