 AIR QUALITY DIVISION
 ACTIVITY REPORT: Self Initiated Inspection

N617837860

FACILITY: GLADSTONE SUPERLUBE		SRN / ID: N6178
LOCATION: 408 NORTH 10TH ST, GLADSTONE		DISTRICT: Upper Peninsula
CITY: GLADSTONE		COUNTY: DELTA
CONTACT: Debbie Valiquette , Owner		ACTIVITY DATE: 12/06/2016
STAFF: Joel Asher	COMPLIANCE STATUS: Compliance	SOURCE CLASS: MINOR
SUBJECT: Waste oil furnace.		
RESOLVED COMPLAINTS:		

On 12/6/2016 I conducted an unannounced inspection of this facility. My contact was the owner, Ms. Debbie Valiquette.

The facility continues to operate as an oil change facility. All waste oil is collected in tanks in the basement and is burned in the waste oil furnace upstairs. All waste oil burned in the furnace is that collected by the facility.

The facility was issued PTI #727-96 on January 2, 1997. A revision to the PTI was issued on January 23, 1997. Upon arrival at the facility, the opacity was observed to be less than 10%. There should be no issue with the facility maintaining compliance with the conditions listed in the permit.

Waste oil Sample GSL1 was obtained from the tank in the basement. This will be submitted to the laboratory for analysis. Final determination of compliance will be made upon receipt of the laboratory results.

On 12/20/16 the results were received from the laboratory. The waste oil sample #GSL1 tested within proper parameters for waste oil. No hazardous materials were found.

This facility is in compliance with PTI #727-96 and the Air Pollution Control Rules.
