RESOLVED COMPLAINTS:		

Great Lakes Crematory located at 1381 Milmine Road, Lakeville (as listed in MACES), is scheduled for a compliance inspection for fiscal year 2014.

On March 31, 2015, I attempted to conduct an inspection at the facility. The building on 1381 Milmine Road looks like a large garage. The building appears unoccupied. I could not see an exhaust stack where a crematory may exhaust to. Staff attempted to contact the listed owner, Mr. Randy Ruggero (248-628-0246) but could not make a connection.

A staff report dated March 10, 2004 indicated that Mr. Michael Looney was buying the facility and moving the crematory equipment to Fraser, Michigan.

I called the Village of Leonard (248-628-7380) to verify the existence of the crematory, but I was informed that 1381 Milmine is under Addison Township.

Staff contacted Mr. Mike Boisvert (248-628-5409 ext 19, CP 248-321-2448), Addison Township Building Official. Mr. Boisvert said that the crematory was removed in 2005 or 2006. This information coincides with the staff report mentioned above. Mr. Boisvert also mentioned that the property has a new owner and is being remodeled inside.

This facility is considered shutdown. PTI No. 165-98 for a human crematory incinerator will be voided.
