<b>FACILITY:</b> Amoco Oil Company		<b>SRN / ID:</b> N6841
<b>LOCATION:</b> 4702 W Main St, KALAMAZOO		<b>DISTRICT:</b> Kalamazoo
<b>CITY:</b> KALAMAZOO		<b>COUNTY:</b> KALAMAZOO
<b>CONTACT:</b>		<b>ACTIVITY DATE:</b> 10/12/2023
<b>STAFF:</b> Michael Cox	<b>COMPLIANCE STATUS:</b> Compliance	<b>SOURCE CLASS:</b> MINOR
<b>SUBJECT:</b> Scheduled Unannounced Inspection		
<b>RESOLVED COMPLAINTS:</b>		

On Tuesday October 12, 2023, AQD Staff Michael Cox (MTC) conducted an unannounced scheduled inspection of Amoco Oil Company (N6841) located at **4702 West Main Street, Kalamazoo, MI 49001**. The purpose of this inspection was to verify compliance with General Permit-to-Install (PTI) No. 225-00 and all other applicable air quality rules and regulations. MTC arrived on site at approximately 1.30 PM to conduct the inspection, however the building was now an empty lot.

#### Facility Description:

Amoco Oil Company was historically a gasoline dispensing facility that was permitted for air strippers, soil vapor extraction systems and air sparging systems.

#### Regulatory Overview:

Amoco Oil Company was in operation with General PTI No. 225-00. The facility is not subject to any federal rules or regulations at this time.

#### Compliance Evaluation:

Upon arrival it was noted that the historic Amoco Oil Company was now an empty lot and the building along with its permitted equipment had been removed from the site location. Due to the facility and permitted equipment being totally removed or demolished from the site location, no one was available for questioning.

#### Compliance Determination:

Based on the on-site evaluation, Amoco Oil Company was noted to be permanently closed and no longer in operation. Due to this fact General PTI No. 225-00 will be voided and Air Quality Division's in house data base (MACES) will be updated to

reflect the changes. Overall, Amoco Oil Company was technically found to be complying with all state and federal air pollution control regulations.
