GRAND RAPIDS DISTRICT OFFICE

C. HEIDI GREYER
DIRECTOR

August 17, 2016

Mr. Gary Shook
Ms. Patricia Eyer
Shook Asphalt Company, Inc.
3588 West Cleveland Road
Perrinton, Michigan 48871

SRN: N7436, Montcalm County

Dear Mr. Shook and Ms. Eyer:

VIOLATION NOTICE

On July 26, 2016, the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Shook Asphalt Company, Inc. located at 8281 Snows Lake Road, Greenville, Michigan. The purpose of this inspection was to determine Shook Asphalt Company, Inc.'s compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); the Air Pollution Control Rules; and the conditions of Permit to Install (PTI) number 37-05A.

During the inspection, staff observed the following:

Process Description	Rule/Permit Condition Violated	Comments
Hot Mix Asphalt Plant (EUHMAPLANT)	PTI No. 37-05A Special Condition 1.16	Required start of season Carbon Monoxide (CO) monitoring as described in this Special Condition was not completed in 2016.

During this inspection, Shook Asphalt Company, Inc. was unable to produce records of required monitoring for carbon monoxide. This is a violation of the monitoring requirements specified in Special Condition 1.16 of PTI No. 37-05A. Note that this violation has occurred for each of the last two years.

Please initiate actions necessary to correct the cited violation and submit a written response to this Violation Notice by September 7, 2016 (which coincides with 21 calendar days from the date of this letter). The written response should include: the dates the violation occurred; an explanation of the causes and duration of the violation; whether the violation is ongoing; a summary of the actions that have been taken and are proposed to be taken to correct the violation and the dates by which these actions will take place; and what steps are being taken to prevent a reoccurrence.

Mr. Gary Shook
Ms. Patricia Eyer
Shook Asphalt Company, Inc.

August 17, 2016

If Shook Asphalt Company, Inc. believes the above observations or statements are inaccurate or do not constitute violations of the applicable legal requirements cited, please provide appropriate factual information to explain your position.

Please also note that I have enclosed copies of pertinent Michigan Air Emissions Reporting System (MAERS) forms from your finalized report for 2015. As discussed with Ms. Eyer during the inspection, please fill in the highlighted fields at the end of the production season and return them to the Grand Rapids District Office. Doing so will help avoid the existing, perennial cycle of emissions reporting requests, letters and Violation Notices for late MAERS reporting. The AQD will enter your hand-written values into the prepared database for 2016 and estimate emissions based on those values. Shook Asphalt Company, Inc. will be provided a chance for review and approval of the resulting emissions reporting for 2016 prior to finalization of the data with our Emissions and Reporting Assessment Unit in Lansing.

Thank you for your attention to resolving the violation cited above and for the cooperation that was extended to me during my inspection of Shook Asphalt Company Inc.'s Greenville facility. If you have any questions regarding the violation or the actions necessary to bring this facility into compliance, please contact me at the number listed below.

Sincerely,

Stephen J. Lachance
Environmental Quality Specialist
Air Quality Division
616-356-0239

Enclosure
