Re: New Source Performance Standards Subpart Dc Initial Notification and Startup Notification

To Whom It May Concern:

Enclosed Please find an Initial Notification and Information form for small industrial-commercial-institutional boilers. This form addresses three boilers that were installed in December 2014 – January 2015. Consistent with 40 C.F.R. 60.7(a)(3) please also accept this as a notification of the actual date of initial startup for the two boilers in December 2014 – January 2015, as indicated in the enclosed form.

Please let me know if you have any questions.

Sincerely,

220 North Fillmore Road, Coldwater, Michigan, 49036
