Muskegon, Michigan 48809

SRN: P0542, Muskegon County

Dear Mr. Mills:

VIOLATION NOTICE

On October 26, 2016 the Department of Environmental Quality (DEQ), Air Quality Division (AQD), conducted an inspection of Port City Architectural Signage, located at 2350 South Getty Street, Muskegon, Michigan. The purpose of this inspection was to determine Port City Architectural Signage's compliance with the requirements of the federal Clean Air Act; Part 55, Air Pollution Control, of the Natural Resources and Environmental Protection Act, 1994 PA 451, as amended (Act 451); and the Air Pollution Control Rules.

During the inspection, staff determined the following:

Process Description	Rule/Permit Condition Violated	Comments
Foundry Operation	Rule 201	Failure to obtain a Permit to Install prior to installation.

It was determined that Port City Architectural Signage had installed a foundry operation (sand mixer, mold making, pouring, cooling and shakeout) without obtaining a Permit to Install. This is a violation of Act 451, Rule 201.

A program for compliance may include a completed Permit to Install application for the foundry operation. An application form is available by request, or at the following website:

http://www.deq.state.mi.us/aps/nsr_information.shtml#AUP

Be advised that Rule 201 requires that a permit be obtained prior to installation, construction, operation, reconstruction, relocation, or alteration of any process or process equipment which may be a source of an air contaminant.
