SUBJECT: Potential source for waste oil collection.		
RESOLVED COMPLAINTS:		

The DEQ Waste Management & Radiological Protection Division provided the AQD a list of facilities that accept waste oil from off site. One of the sites was APC Stores located at 2621 Ashmun Street, Sault Ste Marie, MI.

On 3/14/17, I conducted an unannounced inspection of this facility. The site is no longer an automobile parts store. It is now called The Art Store and appears to sell art and craft supplies. I talked with the clerk behind the counter who said they have been in this location for about 7 years. I asked if they collect any waste oil and he stated they do not.

This facility appears to be in compliance with the Air Pollution Control Rules and can be removed from the district inspection database.
