PO Box 30242  
Lansing, MI 48909

Dear Ms. McGeen

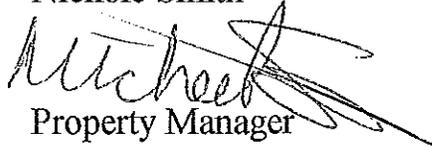

I am responding to the recent open burn violation notice I received dated August 18, 2014. We have ceased burning and removed all debris from the pile. The removed debris along with the second pile of debris were taken to Waste Managements transfer station in Williamston for disposal. I have attached a copy of the invoice.

I sincerely apologize for this incident, unfortunately the owner nor management were present when this occurred and as soon as I was made aware of the situation I told the individuals involved to cease. We do and have always permitted our residents to put yard waste (leaves, grass clippings

and small branches back there to be burned. Inevitably people put other items non-burnable items there as well that we have to remove before burning but a situation like this has never happened before nor will it happen again in the future. I have insured that everyone is aware of what is appropriate to burn and what is not.

Again my sincere apologies,

Nichole Smith

A handwritten signature in cursive script, appearing to read "Nichole Smith", written over the printed name and title.
