This letter is to advise you of the commencement of escalated enforcement action against Great Lakes Aerial Maintenance and Construction Company, Inc., and Roe Brothers Bulldozing & Excavating (Companies) for alleged violations that occurred at 100 East Patterson Street, Tecumseh, Michigan. This letter follows the September 19, 2019 Violation Notice issued by the Michigan Department of Environment, Great Lakes, and Energy (EGLE), Air Quality Division (AQD), which details violations of the National Emission Standards for Hazardous Air Pollutants for asbestos (Asbestos NESHAP), Title 40 of the Code of Federal Regulations, Part 61, Subpart M; and Rule 942 of the Michigan Air Pollution Control Rules, Mich Admin Code, R 336.1942. These regulations hold all owners and operators, such as contractors and/or subcontractors, fully liable for compliance with the Asbestos NESHAP.

Be advised that failure to respond to this Enforcement Notice in a timely manner and adequately resolve or address the cited violations may result in further enforcement proceedings, including but not limited to, referral of the matter to the Michigan Department of Attorney General (DAG) for commencement of civil litigation.
