

Surface

Glacial clay-rich till

H Grey and red-brown interbedded siltstone

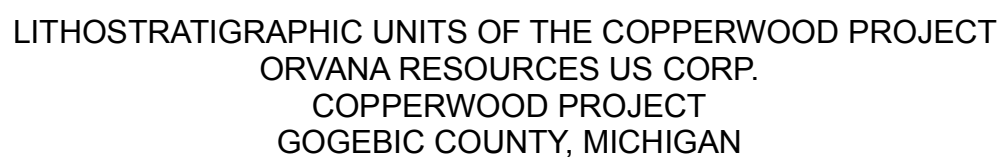

A Upper sandstone

Upper sandstone

Parting Shale

A vertical number line illustrating the conversion between feet and metres. The line is oriented vertically with 0 at the top. On the left side, labeled 'Feet', the markings are 0, 10, 20, and 100. On the right side, labeled 'Metres', the markings are 0, 10, 20, and 30. The line shows that 10 feet is equivalent to 3 metres, 20 feet is equivalent to 6 metres, and 100 feet is equivalent to 30 metres.
